## Approve Funds For NASA Land Acquisition Program

WASHINGTON — The Senate appropriations committee Wednesday approved an amendment to provide \$71,000,000 for land acquisition at the proposed Mississippi test site facility for the National Aeronautics and Space Administration and at Cape Canaveral, Fla.

Sen. John Stennis of Mississippi and Sen. Spessard Holland of Florida offered the amendment which would make funds available to buy land at the Mississippi test facility in Hancock and Pearl River counties, and at Cape Canaveral, Fla.

The full appropriation subcommittee accepted the Stennis-Holland amendment as one which would be offered on the Senate floor as a committee amendment to the bill. The amendment appropriates the funds and makes the sum available immediately for use upon the enactment of the legislation.

The money was included in the administration budget for NASA operations this year, but was not in the bill approved by the House last week on the technical ground that the authorization measure adopted by the Senate last year had not received final House approval.

The Mississippi funds will be used to buy 13,500 acres for the test site in Hancock County and for encumbrances on an additional 128,000 acres for the buffer zone.

Sen. Stennis, a key member of the Senate appropriations committee, said some 2500 persons are scheduled to be moved from the proposed testing site, and "they are entitled to know where they stand. They need to obtain compensation for their land so they can make arrangements for other places to live. These people make their livelihood from the land."

SEN. STENNIS, A KEY MEMBER OF THE SENATE APPROPRIATIONS COMMITTEE, SAID SOME 2500 PERSONS ARE SCHEDULED TO BE MOVED FROM THE PROPOSED TESTING SITE, AND "THEY ARE ENTITLED TO KNOW WHERE THEY STAND. THEY NEED TO OBTAIN COMPENSATION FOR THEIR LAND SO THEY CAN MAKE ARRANGEMENTS FOR OTHER PLACES TO LIVE. THESE PEOPLE MAKE THEIR LIVELIHOOD FROM THE LAND."

### APRIL 30 DEADLINE FOR FILING '61 WOOL APPLICATION

Monday, April 30, is the last day for filing applications for payments for the 1961 marketing year under the wool payment program, growers were reminded today by Tommy R. Shaw, Chairman of the Hancock Agricultural Stabilization and Conservation County Committee.

The payments for the 1961 marketed not later than March 31 of this year. Later marketings will be eligible for payments for the 1962 marketing year.

The chairman stressed the fact that the payments on wool and lambs are not made automatically—growers must file applications which are supported with all the necessary sales records in order to receive payments under the program.

Since these sales records will be basis for calculation of the national average price received by farmers for wool during the entire marketing year, it is to the grower's advantage to file his application early. When the average price can be determined, the payment rates for shorn wool and unshorn lamb sold during the 1961 marketing year will be announced. The payments will be made to growers during the coming summer.

Wool program applications should be filed at the ASCS county office at Bay St. Louis, Mississippi, and this should be done as soon as possible but no later than Monday, April 30.

### Week-Long Evangelistic Meeting At Shifalo Baptist Church, Kilm

The Shifalo Memorial Baptist Church of Kilm, Mississippi, announces an Evangelistic Meeting beginning on April 15, and continuing to April 22. Services start at 7:30 nightly and a warm welcome is extended to everyone.

The Rev. Jim Douglas, pastor of the Santa Rosa Baptist Church, will be the evangelist. He is an ardent Bible student and majors in studies in Hebrew.

Each night there will be a special emphasis. Monday night is "Paw a Paw Night," where Paw Captains are responsible for getting a certain number on their paw. Tuesday night is "Sunday School Night." Each teacher will put forth special effort to have every class member present. Wednesday night is "Training Union Emphasis." The Training Union teachers will try to have all of their class members present.

Thursday night is "Prospect Night." The whole church membership will concentrate on inviting all the prospects on that night. Friday night is "Youth Night." Our youth will fill the choir. After the services the young people will have a time of fellowship. At this time they will have an opportunity to ask the Rev. Douglas any questions they may have.

Easter Sunday will close the meeting and a large attendance is expected.

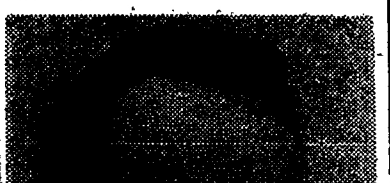

Were discussed.

Dameron Pearson's low bid of \$71 for a filing cabinet was accepted.

Logue also said the nurses aide course, scheduled to begin this week has been postponed until Monday.

He invited the trustees to be his guests at a party he is giving for the staff Saturday night at the Jaycee home to celebrate the recent accreditation of the hospital.

### Becker Heads Cancer Fund Drive

Mr. Andy J. Becker was named chairman of the American Cancer Society's 1962 Cancer Crusade in Hancock County, and his wife, Mrs. Victoria S. Becker was named co-chairman.

The chairman said this improved effort is due to two major factors: 1. Developments in the research laboratories which have resulted in improved treatment by surgery, radiation, chemicals.

2. Public and professional education combined with more general cancer institute in recognition of the "remarkable progress made in the last twenty-five years against cancer in the laboratory, the hospital, the doctor's office and in the public attitude."

The annual educational and fund raising will begin April 15. Twenty-five years ago, Mr. Becker explained, "about 100,000

persons in the United States were alive, cured of cancer. If present rates continue, there should be 1,100,000 in 1962."

The chairman appealed for a record turnover of volunteers to make sure that the progress against cancer will not only continue but be stepped up. He urged volunteers to call him or Mrs. Becker at HO-74030.

The chairman added that "educational leaflets must be distributed to save lives now and funds must be raised if the American Cancer Society is to carry on its research, education and service program."

"If we all pitch in and do our part, I am sure that we can make 1962 a real Cancer Progress Year."

April has been designated as Cancer Control Month by Congressional Resolution.

Teacher's Group  
Presents Five-  
Point Program

JACKSON, Miss. — The House of Delegates of the Mississippi Education Association, representing 12,000 teachers in the state, has called for a five-point legislative program, including the promised teachers pay raise.

The delegates met in a surprise special session Tuesday to seek passage of recommendations by the special Legislative Education Study Committee.

The program calls for:

An appointive nine-member state board of education to oversee and set policy for the state's education program.

A re-evaluation of personal property for tax purposes;

Repeal of a section of the constitution dealing with per capita funds and educable lists;

Improvement of the teacher retirement system;

And, encouragement of additional funds for a mineral school program.

Teachers in Mississippi were promised a \$600 pay raise two years ago by Gov. Ross Barnett. To date, only half the amount has been awarded.

The education association also called for a \$25 million increase in the proposed state budget for 1962-64 to finance the state's education system adequately.

The group called for \$144 million for public schools, \$54.7 million for junior colleges and \$29.6 million for universities and colleges, a move that would increase the proposed budget from \$287.2 million to \$309.8 million.

The budget commission has recommended \$130 million for public schools, \$4.5 million for colleges and universities.

The MEA said its figures did not include additional money for books, vocational education and education of handicapped groups.

"A total state budget of \$315.2 million will be needed to meet these pressing needs now," the MEA said.

Controversy arose over the nine member board recommendation.

Fred Young of Yazoo City offered a substitute motion, asking the Senate not to take action. However, it was defeated.

A recent recommendation would make the attorney general, superintendent of education and secretary of state members of the board.

Under the recommendation, each of the elected officials would appoint three members of a lay state board to oversee the school system.

The nine-member board would have authority over accreditation, curriculum, educational finance, textbook rating and purchasing.

Young said approval of the proposal would destroy "connection with the people" through abolition of an elective state board.

"Any and all of these recommendations (the 11-point legis-

live program approved last year by the MEA) would be implemented under the present system, if you had the money," Young said.

Other members attempted to remove the educational system from under the governor's influence.

Insured Farm Loans  
Information For Lenders

The insured farm loan program makes available to farmers a supplemental source of credit and encourages the use of private capital in place of direct Government loans.

Through the insured loan program of the Farmers Home Administration an agency in the U. S. Department of agriculture, private lenders can advance funds to eligible applicants to enlarge, develop and buy farms not larger than family farms, to refinance debts, to provide housing for domestic farm labor and to develop group or community water supply systems.

Payments on principal and interest are fully guaranteed by the Government. All loan-making and servicing operations are handled by the Farmers Home Administration without cost to the lender.

Lenders receive up to 4 1/2 per cent interest on new loans and the insurance endorsement on each loan carries a 3-year repurchase agreement. Also the loans are easily assigned to other investors.

The mortgages for these insured loans run to the Government. The lender holds only the insured note.

Loans are made only to applicants unable to obtain the credit they need from usual credit channels at reasonable rates and terms, taking into consideration private and cooperative rates prevailing in their communities for loans for similar purposes and periods of time.

If any private lenders are interested they can contact Max H. Stone, County Supervisor, for Farmers Home Administration in Agricultural Center Building, Bay St. Louis, Miss.

Two Absentees  
Voter Measures  
Killed By Group

JACKSON, Miss. — The Senate Election Committee reported it had killed two absentee voter bills.

Sen. Hight E. Eaves of Winona, chairman, said his committee had voted against a bill to extend absentee voting to citizens whose work required them to be away from home extensively.

The committee also voted against a bill to make absentee voter ballots identical with the regular ballot.

The Finance Committee under Sen. Ellis Bodron of Vicksburg, killed five bills, three which duplicated House bills.

The duplicating bills provided for a corporate tax increase, an illegal beer tax and cigarette tax.

The other two bills would have required an audit of municipal separate school district funds by the State Audit Department, and would have permitted the transfer of parts of certain property and provide a way to remove

liens on property.

The Finance Committee passed measures to increase the tax on cotton from 15 to 30 cents per bale and to tax machinery rental at 1 per cent, with the stipulation that both would be repealed after the next session.

The committee also passed measures to increase the tax on River Valley water from 15 to 30 cents per acre, and to tax machinery rental at 1 per cent, with the stipulation that both would be repealed after the next session.

## DEPARTMENT OF PROBATION ORDER, SOLON DECLARES

The federal ruling that the government will not cut off aid to segregated schools in certain areas was declared today by Congressman William Colmer as "blackmail of the highest order."

Colmer in Pascagoula enroute to Jackson for the dedication of a veterans' facility, said that while it affects only children of black military personnel, it is just a question of time when they will extend the order to cover students of all impacted areas.

Congressman Colmer continued, "this should leave no doubts in the minds of the people advocating general federal aid to education about their ability to receive federal funds without integration. It points out again the fact that federal control follows the federal dollar."

Colmer told newsmen that "we are going to oppose the government order and I will try and bar that kind of administrative dictum in the new impacted area bill that will be considered prior to the effective date of the order."

"This also points up further the determination of the administration to solidify the Negro block vote. It looks like there is no end to which they will not go to accomplish this."

In regard to the Nova missile which had been reported would be built at Michoud Plant in New Orleans that this program was not definite yet. A NASA official advised him that they were considering the feasibility of developing the missile at Michoud if facilities were adequate, but that they also were considering other sites.

"I have a commitment that if they do not settle on Michoud that they will send a team to Mississippi and survey all sites available from the Alabama to the Louisiana line."

"It is necessary to have available water transportation to barge the missiles to the testing grounds in Hancock County. The government is under mandate to use federal lands and facilities if available and therefore Michoud is being considered," he concluded. The Saturn project is already slated for the Michoud Plant.

## COUNTY AGENT'S NOTES

O. O. SWORDS  
County Agent

Sweetpotato growers can step up their attack against the sweetpotato weevil.

One way to do this is to maintain a visible covering of insecticide dust on plant beds. This is necessary from the time the stems of the first plants begin to show color until the beds are destroyed.

Growers have been carrying out a program against the weevil that included cleaning up and treating storage bins and banks, using only weevil free seed and treating all seedbeds with insecticide. In addition, they are planning to destroy seedbeds following transplanting.

If producer keep the "squeeze" on the sweetpotato weevil, they may be able to eliminate it from many areas.

**FERTILIZE TIPS**

It is getting late for soil sampling for the spring crops, so here are some general recommendations:

Corn in the hills needs 120 pounds of nitrogen, 48 pounds each of phosphate and potash. Apply half or more of the nitrogen, as a side dressing. Delta corn needs only nitrogen, unless soils tests shows need for phosphate and potash. Use 120 pounds of nitrogen.

Phosphate and potash usually pay off on soybeans in the hills. Recommendations are to use 40 to 60 pounds per acre of phosphate and potash. This would be 200 to 300 pounds of 0-20-20 or

## April Cancer Crusade Designed To Aid Those In Need

JACKSON—Your best protection against all forms of cancer—for both men and women—is a yearly health checkup by a physician and an awareness of cancer's seven danger signals, says Ralph Godwin, Cancer Crusade chairman.

"Many people die needlessly of cancer because they go to the doctor too late," he cautioned.

As state chairman for the Cancer Crusade conducted during April by the Mississippi Division of the American Cancer Society, Mr. Godwin emphasizes that knowing these danger signals may save your life.

"Knowing them and going straight to a doctor has saved many lives," he added. The seven danger signals which officials for the Cancer Crusade urge everyone to "learn and live" are as follows:

1. Any sore that does not heal.
2. A lump or thickening in the breast or elsewhere.
3. Unusual bleeding or discharge.
4. Any change in a wart or mole.
5. Persistent indigestion or difficulty in swallowing.
6. Persistent hoarseness or cough.
7. Any change in normal bowel habits.

"Cancer is a family of diseases characterized by abnormal growth and spread of cells. If this malignant process is not controlled or checked, the patient will die. Many cancers can be cured if detected early in their development and treated by surgery or radiation," Godwin continued.

The chairman of the state campaign for funds to fight cancer referred to statistics issued nationally which say: "About 173,000 Americans will be saved from cancer this year. About 87,000 cancer patients will probably die in 1962 who might have been saved by earlier and better treatment."

"To cure more, give more" is our slogan for the '62 drive," Godwin concluded.

## NEW GARDEN VARIETIES

Some newer varieties to try out in the home garden this year include Nantes carrots, Royal Gold Sweetcorn, and Marion and Indian River tomatoes. Give them a try.

**FERTILIZING FISH PONDS**

A well fertilized fish pond will grow 300 pounds of fish a year. Unfertilized, it might grow 50 pounds!

Begin fertilizing in March or early April. Repeat the application once a week until the water looks green or brownish. After this, fertilize only when the water is clear about a foot deep. You may need to fertilize your pond six to 12 times in a year.

Recommended fertilizer to use is 100 pounds per surface acre of 8-2-2 NPK.

Broadcast the fertilizer into the water from the shore or pour it slowly from a moving boat.

Do not fertilize a pond that stays muddy, that has a lot of water running through it all the time. Don't fertilize in winter and don't fail to fish the pond a plenty.

**SOCIAL SECURITY**

As a self-employed farmer, you may still be earning social security credits even if you do not have to pay income tax.

The law says that if you have a net income of more than \$400 from farming, you must report your earnings for social security purposes.

You must have these credits to be eligible for benefits when you reach retirement age.

## SAFETY COUNCIL SAYS NEW DRIVING LAWS NEEDED

The recent surge of traffic deaths resulting from so-called "accidents" involving many head-on collisions and three-car pile-ups graphically illustrates the need for more stringent driver requirements, according to Louis Wiese, President of the Mississippi Safety Council.

The Safety Council President noted most of all the reported accidents were apparently caused by a driving error or miscalculation.

"In head-on collisions someone is in the wrong lane, or it would never happen," he said, "and this is the fault of a driver."

The Safety Council continued, "We can no longer afford to ignore our responsibilities relative to stricter driver licensing laws, including a systematic re-examination of all drivers."

Wiese said the Safety Councils

studied of the present Traffic Code (traffic laws) show it to be obsolete in many respects. He said it was designed and enacted for 1933 vehicles and drivers, and could not be expected to fill our present needs.

Among the items needed for an immediate reduction in "Driver-Caused" accidents is authority to the Department of Public Safety to allow re-examination of any driver suspected of being an unsafe driver. This law should eventually be followed by a compulsory and systematic re-examination of all drivers.

"In addition," he said, "we must have an increased and intensive driver training program throughout the state."

He said he was very pleased over the Senate passage of a bill to provide more funds for driver training by assessing those convicted of a hazardous traffic violation. He praised the Senate for their "prompt and overwhelming

action" on this bill.

"Now," he said, "I hope the House will take the same prompt action."

Wiese said Driving Training is an excellent safety tool and all studies show those who successfully completed an approved course to be the safest drivers of any age.

In addition to Driving Training and re-examination the Safety Council also endorses legislation to provide:

1. Revocation of license when person forfeits bond while under a charge of driving while intoxicated.
2. Commissioner of Public Safety with authority to issue a restrictive license and to require a physical fitness examination of necessary as a prerequisite to renewal of a license.
3. To extend period of driver license suspension or revocation when person is convicted of driving while license is suspended or

revoked.

Wiese said these changes were absolutely necessary if we are to continue our trend toward fewer traffic deaths.

"We must stress the mistaken idea that driving a car is a right," he said. "Driving is a privilege and no person has a right to endanger his life or that of his neighbor by being an unsafe or unfit driver," Wiese said.

**Farms with Telephones**

An annual survey conducted as of June 1961 showed 46,000 farms in Mississippi have telephone service. This compares with 40,000 farms in 1959 and 1960; 39,000 farms in 1955, 1957 and 1958; 31,000 in 1955; 27,000 farms in 1954.

Shell engineer uses stethoscope to help detect noise the ear alone can't hear. Super Shell fights three different engine noises to give you top performance.

## How 3 of Super Shell's 9 ingredients fight engine noise—including one hard-to-hear form of knock that could lead to real damage

SHELL scientists will tell you that any good gasoline should reduce engine noise. That's why they include no less than three noise-fighters in Super Shell's 9-ingredient blend. Here's how they work to help give you a soft-spoken engine—and top performance.

### How Super Shell fights high-speed knock

High-speed knock makes a sharp, high-pitched noise—like metal tapping against metal. Because it's most likely to occur in hot engines at turnpike speeds, high-speed knock is often difficult to hear.

But even though you may not hear it, high-speed knock can pound away at pistons—even lead to costly damage.

Fortunately, high-speed knock isn't too common. But Shell scientists have known about it for a long time. Ever since they pioneered the development of a substance called Alkylate to help control high-speed knock in aircraft engines. Today, Alkylate is an ingredient in Super Shell gasoline.

### How Super Shell fights wild ping

Wild ping doesn't last long. It sounds like the erratic beat of a nervous drummer.

### How Super Shell fights ordinary knock

Most people have heard ordinary knock. It may sound to you like marbles dropping into an empty oil drum.

Super Shell's anti-knock mix is so powerful that a teaspoon per gallon is enough to raise anti-knock rating a full five points.

This anti-knock mix helps regulate the combustion of Super Shell. Thus, each piston gets a firm, even push. Not a sharp, jarring jolt.

Now, read how the other six ingredients in Super Shell's 9-ingredient blend help you get top performance.

### How Super Shell's other ingredients help you get top performance

Cat-cracked gasoline helps your engine deliver smooth, even power.

Gum preventive helps keep carburetors clean inside.

Platformate is for extra mileage.

There were hundreds of trees along the Bethany Road. But no one noticed them. People were hastening over those last few miles, bound for Jerusalem to celebrate the feast.

Then the King passed by. A gentle Galilean with kind, sorrowful eyes — riding to His coronation.

People cheered and shouted *Hosanna*. Some laid cloaks on the dusty roadway. And then, someone discovered the trees . . . beautiful palms that had stood unnoticed. Their graceful branches became the carpet of the King!

And when men sought a name for that triumphal Sunday, they named it for the palms. It is a day for discovering the spiritual beauty God has planted along the road of life — a day to worship Our King.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

to Gerald C. Kemp

# BOARD OF SUPERVISORS PROCEEDINGS

STATE OF MISSISSIPPI  
COUNTY OF HANCOCK  
THE MATTER OF THE  
ASSESSMENT OF ASKEL P.  
ANG ETUX

At a day came on for final hearing by this Board of Supervisors its Regular February 1962 meeting, the matter of making an increase in the assessment of real estate assessed to said owner up to the 1961 Land Roll of said county, as finally approved, for the reason that:

That the Clerk of this Board has given the required notice to the owner to the last known address by mail, more than ten days before this meeting, as directed by the Order of this Board, who appeared and presented sections (or failed to appear), and that the said owner has, in writing, agreed to the increase, and notice, entered appearance before this Board and requested that the assessment be made final.

Waived notice of the Board having heard the evidence, and carefully considered the same, and being satisfied that the said assessment should be increased, as herein set forth, THEREFORE, ORDERED and adjudged by this Board that an increase in the said original assessment be and is hereby made as finally approved as follows: amount at page 211, line 14, increased from \$0 to \$385. The property is not an exempt property.

BEING a total increase of the assessment on said roll of \$385; said changes being for the year 1961.

IT IS FURTHER ORDERED that the Clerk of this Board is hereby directed and commanded to certify two copies of this order to the State Tax Commission, as required by Section 9818, Code of 1942, and upon the approval of said order by the said Commission to make the proper change on the assessment roll, to certify a copy to the Sheriff and Tax Collector of this county, who shall proceed to collect the same.

MR. AND MRS. J. B. TUCEI

### 50th Wedding Anniversary Of Tucei Observed

Mr. and Mrs. J. B. Tucei celebrated their 50th wedding anniversary with open house Sunday from 3 to 6 p.m. at their home in Biloxi.

Mr. and Mrs. Tucei attended Mass Sunday morning at St. John's Church and received communion with their family. Rev. Michael Fox visited the home in the afternoon and gave the couple his blessing.

Their son-in-law and daughter, Mr. and Mrs. James Cook, entertained at noon at a dinner. Arrangements of yellow gold and white spring blossoms decorated the reception room. The table, covered with a hand crocheted table cloth over a gold cloth, was centered with a four-tiered cake trimmed in gold and white, topped with a bride and groom beneath a wreath of gold flowers and leaves. Gold candelabra holding gold tapers and gold espedera leaves completed the decorations.

Mr. and Mrs. Tucei were married April 8, 1912, in Our Lady of the Gulf Rectory, Bay St. Louis, by the late Rev. John M. Prendergast. Attendants were George Planchet and the late Charles Henry.

Mrs. Tucei is the former Nancy Parillo of this city. She attended St. Joseph Academy and was a telephone operator here until her marriage.

Mr. Tucei, son of the late Mr. and Mrs. Bless Tucei, attended Catholic School in Biloxi and in 1908 he came to Bay St. Louis where he was employed with Charles Schill Plumbing Company. He later went in business here and returned to Biloxi in 1913.

Mr. and Mrs. Tucei are both active in church and civic affairs. They have eight children who were all present at the celebration: Mrs. Fred B. Dick Jr., and Mrs. James H. Cook, Biloxi; Mrs. L. C. Taylor, Folsom, Calif.; Mrs. J. E. Howarth and Mrs. Floyd L. Breal, Biloxi; J. B. Tucei, Meridian, Miss.; A. Tucei, Gautier, and Henry V. Tucei, Tulsa, Okla. They have 13 grandchildren.

Attending from here were Mrs. Tucei's sisters, Mesdames Rosa Betz and Lena Henry, Miss May Parillo, her brother, Joseph Parillo of Norco, La., and Bay St. Louis, a niece, Mrs. John Scalfidi and Mayor Scalfidi, Mesdames Charles Bandaret, Frank Quintini, Mildred Blaize, Claud Monti, Henry Rothmann and Cyril Glover.

The four girls shown above are candidates for queen of the annual St. Joseph Academy Spring at the St. Joseph Auditorium on Virginia Thomas, Caroline McCollister, Cassidy Rhodes and Mercedes Estrada.

### Hancock 8 et 40 Guests At Biloxi

Members of the Hancock County 8 et 40 Salon No. 647 were guests of the Harrison County Salon No. 218, Friday night at a dinner party at the Legion Home in Biloxi, with Mrs. Gilbert Gayaut, chapeau, presiding.

The next meeting will be held May 4 at the home of Mrs. Betty Romanoff, Bay St. Louis. Attending from here were Mesdames Gayaut, Henry Capdepon, Romanoff, Rene Bermond, Sr. Daniel Ziegler and Albert Biehl Sr.

The program will be under the direction of Mrs. Melva Cole.

### Doing Well After Surgery

Mrs. Gerald V. Price Jr., underwent surgery at Hancock General Hospital Tuesday.

Latest report is that she is resting satisfactorily.

Hancock County Home Demonstration leaders will attend a leaders training on sewing machine attachments from 9:30 a.m. to 11:30 a.m., Tuesday, April 17, at the Singer Sewing Machine Shop in Gulfport.

The program will be under the direction of Mrs. Melva Cole.

### Town And Country Garden Club Holds Meeting

A meeting of the Town and Country Garden Club was held Tuesday morning at the home of Mrs. A. J. Chagnard.

Committee chairman named for the coming year were: Program, Mrs. H. Teague; publicity, Mrs. Edward LeVasseur; benevolence and ways and means, Mrs. Earl Gates; Scrap Book, Mrs. John McNamara; Awards, Mrs. L. A. Daur; Librarian, Mrs. A. J. Chagnard; Garden of the Month Committee, Mesdames Phelps, A. Emanuel and Joseph Daly.

A card from New Eyes for the needy, thanking the club for its donation, was read.

A vase was sent Mrs. Louis Moreau, retired president, in appreciation for her services to the club.

Mrs. Teague discussed making flower arrangements. Arrangements by members were judged and first prize went to Mrs. McNamara, second to Mrs. Chagnard and third to Mrs. Teague. Mesdames Phelps and S. K. Kepner received honorable mention.

Mrs. Sauer distributed articles pertaining to helpful hints on plants, and Mrs. Teague gave the members seeds of the love apple plant.

It was voted to give a donation of \$5 to the Cripple Children's Easter fund.

Mrs. Phelps won the entrance prize.

### Catholic Societies In Joint Meeting

It was announced at a joint meeting of Our Lady of the Gulf Parish Altar and Blessed Sacrament Society and St. Margaret Daughters last Thursday that April 15 will be group communion Sunday for all ladies of the Parish. The Mass will be at 7 a.m.

Plans were discussed for the party sponsored by the National Council of Catholic services to be held at the Gulfport VA hospital April 21. Mrs. E. J. Arceneaux, vice president, who presided in the absence of the president, Mrs. V. J. Piazza, requested members to assist with the refreshments and entertainment.

Rev. Kevin Reid, acting pastor and spiritual director, told the group of the outstanding success of the recent mission and thanked Mrs. Alden Mauffray, chairman of the sale of religious articles, and co-chairmen, Mesdames Ivan Bradford and O. W. Delph.

Miss Kathleen Renshaw gave a report on the membership drive.

Following the closing prayer, coffee was served by Mesdames E. M. Brignac and Lucien Gex, hostesses for the April Guild.

### Pass Christian Garden Club Places First In Sears Contest

The Pass Christian Garden Club placed first in the Hands Program sponsored by the Sears Foundation and received a \$100 cash award.

The Arlington Heights Garden Club of Gulfport placed second for the \$50 award. The Dogwood Club of Biloxi, third place, with a \$40 prize; and Bay-Waveland Club, fourth \$35.

Other club winners in the contest, which included a written essay on its program or activities for the Spring Pilgrimage were, Miramar Club, Biloxi; Long Beach Garden Club, Gulfport Garden Club, Lorraine Garden Club and Beach Garden Society.

The announcement of winners was made by Mrs. Clarke E. Wilson, Hands chairman, Friday at the Mississippi Coast Council of Garden Clubs meeting in Biloxi.

This is the first year the Council has sponsored the Hands program. Contest judges appointed by R. B. Batchelor, manager of Sears in Gulfport, were Harry Stone, Edgar Little Sr., and Charles Keeton, all of the Gulfport Men's Camellia Club.

The Hands Program was undertaken to help promote and better the Annual Pilgrimage with more active participation by garden club members.

Among officers installed for the coming year was Mrs. R. F. Gray, president of Bay-Waveland Garden Club; third vice president, she was also named to take charge of the scrap books and the year books. Scrap books must be turned in to her by August 1 and year books by October 5.

Following the business session, the Beach Garden Society entertained at a spring tea and reception.

Attending from the Bay-Waveland Club were Mesdames Hilaire Ogden, Al Voight and Ruth Luderbach.
